## BEST PLACES TO WORK

Radio Flyer appeared for the third year in a row on the Crain's Best Places to work list in Chicago! Over 150 companies applied, and more than 12,000 employees completed the Crain's survey. This survey focused on quantitative issues about pay, promotions, health care and other benefits, hiring practices and more. The employee engagement portion dealt with fairness of pay, vacation time, relationships with management and co-workers, career development and other day-to-day workplace issues. Congratulations Radio Flyer!
